MANUFACTURER
WALKIE TALKIE AUDIO ACCESSORIES

COMPANY PROFILE

RoHS/CE/FCC

OEM/ODM

Xiamen Yuhong Export & Import Co., Ltd. was founded in 2023 with its independent brand LSENG. We specialize in providing one-stop solution for walkie-talkie accessories, focusing on the R&D and supply of high-quality walkie-talkie microphones and headsets.

Our product portfolio covers walkie-talkie headsets, external speakers, wireless Bluetooth accessories and other supporting accessories. Tailored for multiple industry scenarios, our products consistently deliver outstanding audio performance.

Equipped with our own manufacturing factory and professional R&D team, we release new products on a monthly basis. A dedicated after-sales team is always ready to respond and resolve all your inquiries and demands efficiently. Most of our products have obtained RoHS, CE and FCC certifications. We also support customized OEM & ODM services. Our main products sell well in North America, Europe and other global regions, winning high recognition and long-term trust from customers worldwide.

Our core walkie-talkie headset series adopts ergonomic design, equipped with multiple ear hook styles such as G-type, C-type and D-type, as well as in-ear earbuds. We offer a full range of PTT devices, among which several models adopt self-developed exclusive molds. In addition, custom connector solutions are available to be compatible with mainstream brands including Motorola, Hytera, Kenwood, Sepura, Icom and Vertex, meeting diverse matching needs.

QUALITY CERTIFICATE

Quality and Reliability: The company regards quality as the lifeline of the enterprise. Strictly implement the ISO9001 quality management system and adopt strict quality control measures to ensure that each product is carefully manufactured and tested to meet or even exceed customer expectations. Our products not only have excellent performance, but also stand the test of time and extreme conditions.

REGIONAL OVERSEAS MARKET DISTRIBUTION MAP

G-STYLE HOOK SERIES

ER01DP28SB1_K

- Fashion PTT design with metal clamps;
- Wear comfortable rubber ear hooks;
- Rotating the speaker can reduce the pressure on the wire;
- Cable Length:95/50CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Microphone Sensitivity: -38±2dB;
- Suitable for various brands of two-way radios and transceivers, such as ICOM, Standard, YAESU, KENWOOD.;

ER01DP01SB1_K

- Fashion PTT design with metal clamps;
- Rotatable design for left/right ear use;
- Suitable for various brands of two-way radios and transceivers;
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Microphone Sensitivity: -38±2dB;

ER01DP05SB1_K

- Fashion PTT design with metal clamps;
- Rotatable design for left/right ear use;
- Wear comfortable rubber ear hooks;
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM,
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Microphone Sensitivity: -38±2dB;

ER01DP06SB1_K

- Fashion PTT design with metal clamps;
- Rotatable design for left/right ear use;
- Wear comfortable rubber ear hooks;
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Microphone Sensitivity: -38±2dB;

ER01DP12SB1_PD780

- Fashion PTT design with metal clamps;
- High microphone sensitivity, excellent sound pickup effect.
- Rotatable design for left/right ear use;
- Wear comfortable rubber ear hooks;
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM,
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Microphone Sensitivity: -36±2dB;

ER01DP14SB1_K

- Fashion PTT design with metal clamps
- Rotatable design for left/right ear use;
- Wear comfortable rubber ear hooks;
- 4. Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;

ER01DP08SB1_K

- Fashion PTT design with metal clamps;
- Rotatable design for left/right ear use;
- Wear comfortable rubber ear hooks;
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM,
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm

ER01DP20SB1_K

- Fashion PTT design with metal clamps;
- Rotatable design for left/right ear use;
- Wear comfortable rubber ear hooks;
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM,
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;

ER01DP25SB1_K

- Fashion PTT design with metal clamps;
- Rotatable design for left/right ear use;
- Wear comfortable rubber ear hooks;
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM,
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Microphone Sensitivity: -38±2dB;

ER01DP26SB1_K

- Fashion PTT design with metal clamps;
- Rotatable design for left/right ear use
- Wear comfortable rubber ear hooks;
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;

ER01DP30SB1_R7

- Plug Type:R7;
- Fashion PTT design with metal clamps;
- Rotating the speaker can reduce the pressure on the wire;
- Wear comfortable rubber ear hooks;
- Cable Length:95/50CM,
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Microphone Sensitivity: -38±2dB;

- The R7 interface headphone cable is only compatible with Motorola walkie-talkies. It features IP67 waterproof and dustproof performance. Adopting a lockable structure, it ensures stable connection without poor contact. The 13-pin interface provides clear sound quality and excellent noise reduction, offering high durability for industrial and security applications.

ER03DP24SB1_K

- Inline PTT control ;
- Stylish PTT design with metal clamps;
- The PTT housing have a comfortable, ergonomic grip
- Rotatable earpiece design, compatible with both left and right ears;
- High Sensitivity microphone ensures clear voice transmission.
- Plug can be customized according to customer requirements.
- Mic Cable Length: 95CM
- Earphone Cable Length: 35CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Microphone Sensitivity: -38±2dB;
- The earhook design offers excellent concealment and ensures clear voice transmission;

ER03DP03LB1_K

- Inline PTT control and Braided cord is tensile and durable;
- Stylish PTT design with metal clamps;
- The oval PTT housing have a comfortable, ergonomic grip;
- Wear comfortable soft rubber ear hooks;
- Rotatable earpiece design, compatible with both left and right ears
- Small pickup microphone ensures clear voice transmission;
- Braided cord is tensile and durable;
- Plug can be customized according to customer requirements.
- Main Cable Length: 95cm
- Earphone Cable Length: 35cm,
- Speaker Impedance: 150Ω±15Ω
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Microphone Sensitivity: -38±2dB;

ER03DP07SB1_K

- Inline PTT control ;
- Stylish PTT design with metal clamps;
- The PTT housing have a comfortable, ergonomic grip
- Rotatable earpiece design, compatible with both left and right ears;
- Small pickup microphone ensures clear voice transmission.
- Plug can be customized according to customer requirements.
- Mic Cable Length: 95CM
- Earphone Cable Length: 35CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Microphone Sensitivity: -38±2dB;
- The earhook design offers excellent concealment and ensures clear voice transmission;

ER03DP03LB3_K

- Inline PTT control ;
- Stylish PTT design with metal clamps;
- The PTT housing have a comfortable, ergonomic grip
- High Sensitivity microphone ensures clear voice transmission.
- Plug can be customized according to customer requirements.
- Mic Cable Length: 95CM
- Earphone Cable Length: 35CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Microphone Sensitivity: -38±2dB;
- Rotatable earpiece design, compatible with both left and right ears;
- The earhook design offers excellent concealment and ensures clear voice transmission;

ER03DP13SB1_K

- Inline PTT control ;
- Stylish PTT design with metal clamps;
- The PTT housing have a comfortable, ergonomic grip
- The earhook design offers excellent concealment and ensures clear voice transmission;
- Rotatable earpiece design, compatible with both left and right ears;
- Small pickup microphone ensures clear voice transmission.
- Plug can be customized according to customer requirements;
- Mic Cable Length: 95CM; ■ Speaker Impedance: 150Ω±15Ω;
- Earphone Cable Length: 35CM; ■ Speaker Shell Diameter: Φ16mm±0.05mm;

ER03DP02SB1_K

- Inline PTT control;
- Stylish PTT design with metal clamps;
- Wear comfortable soft rubber ear hooks;
- Rotating the speaker can reduce the pressure on the wire,Endurance is better;
- Small pickup microphone ensures clear voice transmission.
- Plug can be customized according to customer requirements.
- Mic Cable Length: 95CM; 8. Earphone Cable Length: 35cm;
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;

ER01DP06SB8_K

- Plug can be customized according to customer requirements;
- Soft rubber ear hooks;
- Large ear hooks fit the ears more closely;
- Rotating the speaker Can be adjusted to the left and right ears;
- Cable Length:95/50CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ25mm±0.05mm;
- Microphone Sensitivity: -38±2dB;

ER03DP02CB8_K

- Inline PTT control is convenient for one-handed operation ;
- Stylish PTT design with metal clamps;
- Wear no pressure discomfort during prolonged use;
- Small pickup microphone ensures clear voice transmission;
- Plug can be customized according to customer requirements;
- Main Cable Length: 95cm;
- Earphone Cable Length: 35CM;
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ25mm±0.05mm;
- Rotating the speaker can reduce the pressure on the wire, Endurance is better;

ER03DP24SB8_GP-328

- Plug Type: GP-328;
- Inline PTT control ;
- Stylish PTT design with metal clamps;
- The blue PTT button is highly visible;
- Rotatable earpiece design, compatible with both left and right ears;
- Small pickup microphone ensures clear voice transmission;
- This GP328 connector is compatible with Motorola walkie-talkies,
- Mic Cable Length: 95CM;
- Earphone Cable Length: 35Cm ;
- Speaker Shell Diameter: Φ25mm±0.05mm;
- Speaker Impedance: 150Ω±3Ω;
- Microphone Sensitivity: -38±2dB;
- The earhook design offers excellent concealment and ensures clear voice transmission;

ER01DP12CB9_K

- Fashion PTT design with metal clamps;
- Rotating the speaker can reduce the pressure on the wire;
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Microphone Sensitivity: Microphone Sensitivity: -36±2dB;
- Wrap-around design for superior stability and noise isolation Prevents slippage, boosts call clarity, and is perfect for high-altitude jobs;

ER01DP20SB9_GP-328

- Fashion PTT design with metal clamps;
- Rotating the speaker can reduce the pressure on the wire;
- Wear comfortable rubber ear hooks;
- Cable Length:95/50CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;
- Suitable for various brands of two-way radios and transceivers, such as ICOM, Standard, YAESU, KENWOOD.;

ER01DP26SB9_ICOM

- Direct Plug & Play for ICOM Radios
- Secure & Comfortable Ear-Hook Design
- Hands-Free Communication with Clip-On PTT
- Clear, Private Audio in Any Environment
- Heavy-Duty, Durable Build for Long-Term Use
- Cable Length:95/50CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;

ER03DP03SB9_ICOM

- ICOM Direct Plug
- Ergonomic G-Shape Earhook for All-Day Secure Wear
- Optimized Ergonomic PTT for Effortless, Fatigue-Free Operation
- Clear Audio with Noise Reduction for Professional Scenarios
- Heavy-Duty, Durable Build for Long-Term Use
- Single-wire Inline PTT control ;
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ16mm±0.05mm;

D-STYLE HOOK SERIES

ER01DP25SB4_K

- Fast to wear,preserves ambient sound, suitable for indoor/light-duty work
- Fashion PTT design with metal clamps;
- Wear lightweight and comfortable soft rubber ear hooks;
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM
- Speaker Impedance: 8Ω±1Ω;
- Speaker Shell Diameter: Φ29mm±0.05mm;
- Microphone Sensitivity: -38±2dB;

ER01DP01SB4_K

- Fashion PTT design with metal clamps;
- Wear lightweight and comfortable soft rubber ear hooks;
- Fast to wear,preserves ambient sound, suitable for indoor/light-duty work
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM
- Speaker Impedance: 8Ω±1Ω;
- Speaker Shell Diameter: Φ29mm±0.05mm;
- Microphone Sensitivity: -38±2dB;

ER01DP06SB4_K

- Fashion PTT design with metal clamps;
- Wear lightweight and comfortable soft rubber ear hooks;
- Fast to wear,preserves ambient sound, suitable for indoor/light-duty work
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM
- Speaker Impedance: 8Ω±1Ω;
- Speaker Shell Diameter: Φ29mm±0.05mm;
- Microphone Sensitivity: -38±2dB;

ER01DP12CB4_K

- Fashion PTT design with metal clamps;
- Wear lightweight and comfortable soft rubber ear hooks;
- Fast to wear,preserves ambient sound, suitable for indoor/light-duty work
- 4. Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM
- Speaker Impedance: 8Ω±1Ω;
- Speaker Shell Diameter: Φ29mm±0.05mm;
- Microphone Sensitivity: -36±2dB;

ER01DP10SB15_P8668i

- Plug Type: P8668i
- Fashion PTT design with metal clamps;
- Wear lightweight and comfortable soft rubber ear hooks;
- Fast to wear,preserves ambient sound, suitable for indoor/light-duty work
- The boom microphone effectively reduces background noise and improves call quality in noisy environments;
- Suitable for Motorola MOTOTRBO series and other two-way radios with the same interface;
- Cable Length:95/50CM
- Speaker Impedance: 8Ω±1Ω;
- Speaker Shell Diameter: Φ29mm±0.05mm;
- Microphone Sensitivity: -38±2dB

ER03DP03SB15_K

- Plug Type: TK
- Inline PTT control;
- Stylish PTT design with metal clamps;
- The oval PTT housing have a comfortable, ergonomic grip
- Wear lightweight and comfortable soft rubber ear hooks;
- The boom microphone effectively reduces background noise and improves call quality in noisy environments;
- Fast to wear,preserves ambient sound, suitable for indoor/light-duty work
- Mic Cable Length: 95CM
- Earphone Cable Length:35CM
- Speaker Impedance: 8Ω±1Ω;
- Speaker Shell Diameter: Φ29mm±0.05mm;
- Microphone Sensitivity: -38±2dB

EAR BUD SERIES

ER01DP01SB12_K

- Fashion PTT design with metal clamps;
- Rotatable earpiece design, compatible with both left and right ears;
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ12mm±0.01mm;
- Microphone Sensitivity: -36±2dB
- Standard color: Black; Red for customized selection.
- Wear comfortable ,Good noise isolation, clear sound quality, ultra-lightweight, no burden for long-time use;

ER01DP28SB13_K

- Fashion PTT design with metal clamps;
- Suitable for various brands of two-way radios and transceivers;
- Cable Length:95/50CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ12mm±0.01mm;
- Microphone Sensitivity: -36±2dB
- The earplug standard size: 12mm (Medium); Large and Small sizes are optional per customer requirements.
- The in-ear design fits snugly in the ear canal, effectively isolating external noise (such as traffic and wind noise)
- Wear comfortable ,Good noise isolation, clear sound quality, ultra-lightweight, no burden for long-time use;

ER03DP24CB13_K

- The earplug standard size: 12mm (Medium); Large and Small sizes are optional per customer requirements.
- The in-ear earhook design offers excellent concealment and ensures clear voice transmission;
- Rotatable earpiece design, compatible with both left and right ears;
- Small pickup microphone ensures clear voice transmission;
- Plug can be customized according to customer requirements;
- Mic Cable Length: 95CM
- Inline PTT control ;
- Stylish PTT design with metal clamps;
- The blue PTT button is highly visible;
- Earphone Cable Length: 35CM
- Speaker Impedance: 150Ω±15Ω;
- Speaker Shell Diameter: Φ12mm±0.01mm;
- Microphone Sensitivity: -38±2dB,

ER03DP09SB2_K

- Inline PTT control;
- Stylish PTT design with metal clamps;
- The face PTT button for intuitive operation;
- The in-ear earbud offers comfortable wear and excellent concealment;
- Small pickup microphone ensures clear voice transmission.
- Plug can be customized according to customer requirements.
- Main Cable Length: 85CM
- Earphone Cable Length: 35CM
- Speaker Impedance: 150Ω±3Ω;
- Speaker Shell Diameter: Φ12mm±0.01mm;

ER03DP23SB12_K

- Inline PTT control ;
- Stylish PTT design with metal clamps;
- The PTT housing have a comfortable, ergonomic grip
- Rotatable earpiece design, compatible with both left and right ears;
- Small pickup microphone ensures clear voice transmission.
- Plug can be customized according to customer requirements.
- Mic Cable Length: 95CM
- Earphone Cable Length: 35CM
- Speaker Impedance: 150Ω±3Ω;
- Speaker Shell Diameter: Φ12mm±0.01mm;
- Microphone Sensitivity: -38±2dB,
- Standard color: Black; Red for customized selection.
- The in-ear earhook design offers excellent concealment and ensures clear voice transmission;

HELMET HEADSET

ER01DP22CB11_K

- Portable folding design, convenient to carry
- Optional differnt radio connector
- Suitable for the police and fire work under high noise environment
- One-Touch Finger PTT Control
- World-Leading INCTM noise reduction technology, Can reduce 92% of background noise

ER03DP03LB16_K

- 1Universal 2-pin design fits most mainstream walkie-talkies
- Soft protein leather headset for all-day wearing comfort
- Closed-back earcups block ambient noise effectively
- 330° adjustable boom mic with noise cancellation Reinforced cable and sturdy housing for
- heavy-duty use
- In-line PTT button for convenient one-hand operation
- Perfect for construction, security, logistics, airport and industrial scenarios

ER03DP03SB17_K

- Lightweight durable radio headset
- 2-pin universal radio compatibility
- Soft ear-hook all-day comfort
- Noise cancelling clear audio
- Inline PTT one-hand control
- Tough cable heavy-duty build
- Single-ear design safety aware
- Ideal for security logistics construction
- Comfortable durable noise-free hands-free

ER03DP29SB18_K

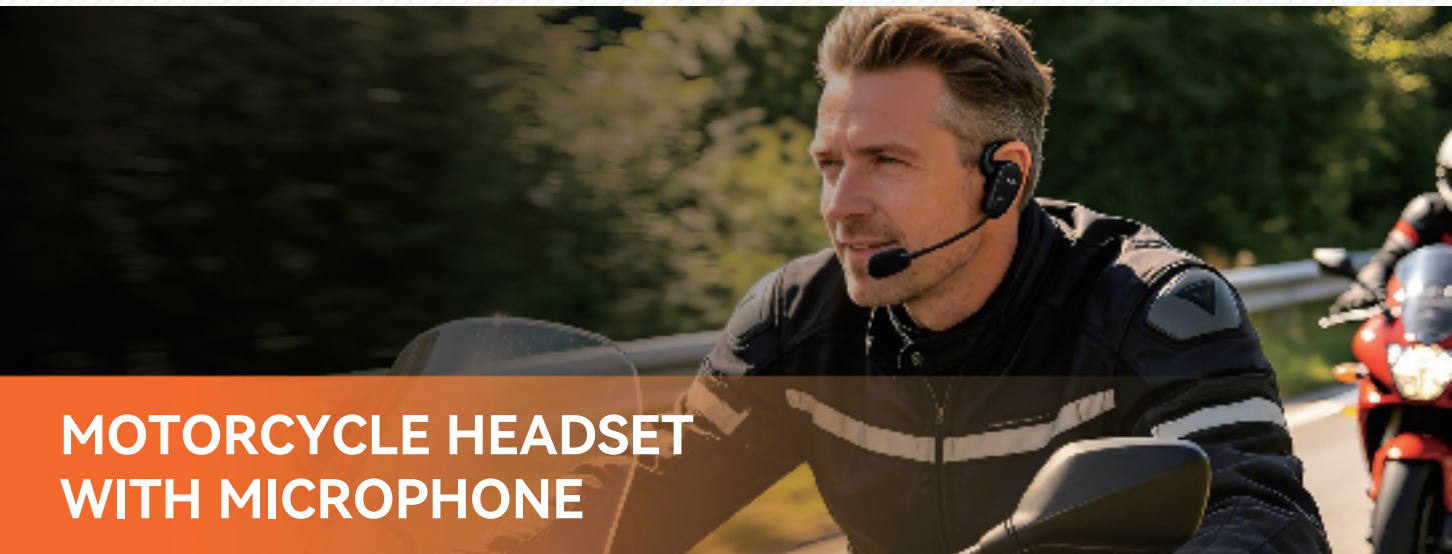

- Inline PTT control;
- Comfortable Single-Sided DesignThe microphone; Flexible Boom Microphone;
- Easy One-Handed Operation;
- Capacitive electret microphone;
- Ensuring clear calls in noisy environments;
- Plug can be customized according to customer requirements.
- Mic Cable Length: 95cm
- Earphone Cable Length: 35cm
-

ACTIVE NOISE CANCELING EARPIECE

ER03DP19SB1_K

- Rotatable earpiece design, compatible with both left and right ears;
- Charging Input: Type-C 5V DC 120mA (Charger requirement: 5V ≥500mA)
- Charging Status: The white LED flashes while charging and remains solid once the battery is fully charged.
- Noise cancelling function;
- Stylish PTT microphone;
- Battery Capacity: 240mAh
- Battery Type: Lithium-ion Polymer Battery;
- Charging Time: Approx. 2 hours;
- Working Time: Approx. 36 hours
- Plug:Only TK/M Connector.
- Battery Level Display:
 - 4 white LEDs on: 100% battery
 - 3 white LEDs on: 75% battery
 - 2 white LEDs on: 50% battery
 - 1 white LED on: 20% battery
 - 1 white LED flashing: Battery level below 20%
- Product Dimensions: 50.0mm * 20.5mm * 12.0mm (excluding cable)
- Total Length: Approx. 1.2m (including cable)
- Speaker Impedance: 150Ω±3Ω;
- Speaker Shell Diameter: Φ16mm±0.01mm;

MOTORCYCLE HEADSET WITH MICROPHONE

ER01DP15SB5_K

- Handlebar PTT is easy to use on the handlebars of motorcycles;
- Finger-style PPT can be attached to fingers for easy operation
- Stereo sound, good sound quality.
- Press the PPT on your finger to speak
- Cable Length:95/50CM
- Suitable for various brands of two-way radios and transceivers;
- Microphone Sensitivity: -36±2dB

ACOUSTIC AIR TUBE SERIES

ER02DP11SB6_K_KH628A

- Dual-wire PTT design, simple and stylish transparent sound tube;
- PU coil cable, it is tensile, durable and not easy to tangle;
- Rotating earphones are suitable for wearing on either ear;
- The balanced armature speaker delivers clear and transparent sound, remaining distinct and intelligible even in noisy environments;
- Suitable for various brands of two-way radios and transceivers;
- Cable length: 95/50/35 CM
- Speaker Impedance: $200\Omega \sim 450\Omega \pm 20\%$;
- Speaker Intelligent degree: $116 \pm 3\text{dB}$ At 1000 Hz ;
- Speaker I Rated Power: Rated Power Input 10mW~300mW;
- Microphone Sensitivity: $-38 \pm 2\text{dB}$;
- Microphone Size: 50MM*14mm;

ER02DP01SB6_K_KH208

- Dual-wire PTT design;
- PU coil cable, it is tensile, durable and not easy to tangle;
- Rotating earphones are suitable for wearing on either ear;
- Transmits sound via air tube;
- Air tube cable: 35 CM;
- Main cable length: 95/50CM;
- Speaker Impedance: $8\Omega \pm 10\%$;
- Speaker Shell Diameter: $\Phi 12\text{mm} \pm 0.01\text{mm}$;
- Microphone Sensitivity: $-38 \pm 2\text{dB}$;

ER02DP05SB6_K_KH208

- Dual-wire PTT design, simple and stylish transparent sound tube;
- PU coil cable, it is tensile, durable and not easy to tangle;
- Rotating earphones are suitable for wearing on either ear;
- Transmits sound via air tube, sound insulation and noise reduction;
- Suitable for various brands of two-way radios and transceivers;
- Air tube cable: 35 CM;
- Main cable length: 95/50
- 8. Speaker Impedance: $8\Omega \pm 10\%$;
- Speaker Shell Diameter: $\Phi 12\text{mm} \pm 0.01\text{mm}$;
- Microphone Sensitivity: $-38 \pm 2\text{dB}$;

ER02DP06SB6_K_KH484

- Dual-wire PTT design, simple and stylish transparent sound tube;
- PU coil cable, it is tensile, durable and not easy to tangle, Good concealment, simple and low-profile appearance;
- Rotating earphones are suitable for wearing on either ear;
- Transmits sound via air tube, sound insulation and noise reduction, clear call;
- Suitable for various brands of two-way radios and transceivers such as ICOM, Standard, YAESU, KENWOOD;
- Air tube cable: 25 CM;
- Main cable length: 85/50
- Speaker Impedance: $32\Omega \pm 15\Omega$;
- Speaker Shell Diameter: $\Phi 12\text{mm} \pm 0.01\text{mm}$;
- Microphone Sensitivity: $-38 \pm 2\text{dB}$;

ER02DP28SB6_K_KH208

- Dual-wire PTT design, simple and stylish transparent sound tube;
 - PU coil cable, it is tensile, durable and not easy to tangle;
 - Rotating earphones are suitable for wearing on either ear;
 - Transmits sound via air tube, sound insulation and noise reduction;
 - Suitable for various brands of two-way radios and
- Air tube cable: 35 CM;
 - Main cable length:95CM
 - Speaker Impedance: 8Ω±10%;
 - Speaker Shell Diameter: Φ12mm±0.01mm;
 - Microphone Sensitivity: -38±2dB;

ER02DP26SB6_ICOM

- 1.ICOM Direct Plug
 - 2.Stealth Air Acoustic Tube for Privacy & Noise Reduction
 - 3,Ergonomic PTT Button for All-Day Comfort & Control
 - 4.Comfortable, Low-Profile Wear for Professional Use
 - 5.Rugged, Durable Build for Daily Heavy Use
- Air tube cable: 35 CM;
 - Main cable length:95CM
 - Speaker Impedance: 8Ω±10%;
 - Speaker Shell Diameter: Φ12mm±0.01mm;
 - Microphone Sensitivity: -38±2dB;

ER02DP18SB6_K

- Transparent tube earphone microphone for interphone;
- You can listen and speak clearly without holding a walkie-talkie.
- Transparent tube SPK, good concealment effect, is conducive to the confidentiality of communication;
- Suitable for different brands of walkie-talkies such as ICOM, Standard, YAESU, Kenwood, Transceivers.
- cable length:
 - 1).Air tube cable: 35CM
 - 2).Main cable length: 95CM
- Microphone Sensitivity: -38±2dB;

Convenient PTT

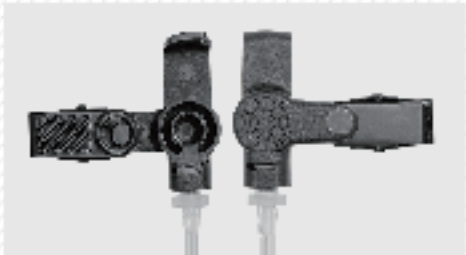

ER02DP24SB6-K

- Transparent tube earphone microphone for interphone;
- Designed with a high-performance, burn-resistant speaker;
- High power output, clear and loud sound;
 - Stable sound quality, no distortion during long-time use;
- High temperature & overload resistance, not easy to burn out
- Suitable for TK/M Connector.
- Cable length:
 - 1).Air tube cable: 35 CM
 - 2).Main cable length: 95CM
- Electrical Parameters of Speaker
 - Impedance:8Ω±1Ω;
 - Intelligent degree: 110±3dB At 1000 Hz At 0.179V;
 - Rated Power: Rated Power Input 10mW, Max Power Input 30mW;
 - Frequency scope: 20HZ—20KHZ;
 - Distortion:Less Than 5% at 1500Hz;
- Microphone Sensitivity: -34±2dB;

ER02DP31SB6_R7

- R7 (13-Pin Locking) Connector: Professional surveillance-style air tube earpiece for Motorola R7 walkie talkies, no loose contact even in harsh conditions.
- Dual PTT buttons: Clip-on push-to-talk unit with easy access mic, attach to your clothing for quick hands-free communication.
- The balanced armature speaker delivers clear and transparent sound, remaining distinct and intelligible even in noisy environments;
- Clear & Noise-Canceling Audio: Built-in mic and acoustic tube filter background noise, ideal for construction and noisy workplaces.
- Covert & Comfortable: Transparent air tube + soft silicone earbud for discreet wear, reduces electromagnetic radiation to the ear.
- Heavy-Duty & Durable: Reinforced pull-resistant wire withstands daily wear, perfect for security, law enforcement, and industrial use.
- Air tube cable: 35 CM;
- Main cable length:95/50CM

THROAT CONTROL SERIES

ER02DP02SB6_K

- Acoustic tube earpiece delivers sound discreetly while blocking background noise
- Suitable for hunting, fishing, motorcycle riding and other working environment;
- Interphone throat vibration microphone;
- Can provide confidential communications;
- Convenient ring type PTT;
- Suitable for walkie-talkies of different brands.;
- Wear the throat control microphone at the user's throat to transmit sound through the vibration of the throat, which can be used in noisy environment;

- cable length:
 - 1).Air tube cable: 35 CM
 - 2).Main cable length:26CM
 - 3).Sub-line length:90.5CM
- Speaker Impedance: 32Ω±15Ω;
- Speaker Shell Diameter: Φ12mm±0.01mm;

ER02DP15CB10_GP-328

- 1. Interphone throat vibration microphone;
- 2. Can provide confidential communications;
- 3. Convenient ring type PTT;
- 4. Acoustic tube earpiece delivers sound discreetly while blocking background noise
- 5. Wear the throat control microphone at the user's throat to transmit sound through the vibration of the throat, which can be used in noisy environment;
- Suitable for hunting, fishing, motorcycle riding and other working environment;
- Apply to Icom, standard, Yaesu, Adi, kenwood, Motorola Visa transceivers different brands such as walkie-talkie;
- cable length:
 - 1).Air tube cable: 35 CM
 - 2).Main cable length:26CM
 - 3).Sub-line length:90.5CM
- Speaker Impedance: 32Ω±15Ω;
- Speaker Shell Diameter: Φ12mm±0.01mm;

ER02DP21CB10_P8668i

- Throat vibration microphone for interphone
- Adjustable stretch headband, fits all head sizes, non-slip and stable to wear
- Finger PTT & large round waterproof PTT available
- Acoustic tube earpiece: hidden sound
- transmission, noise isolation
- Throat vibration transmission, clear
- communication in noisy environments
- Ideal for hunting, fishing, motorcycling, live-action
- CS, tactical simulation etc.
- Compatible with Icom, Yaesu, Adi, Kenwood,
- Motorola and other mainstream walkie-talkie brands
- Cable length:
 - 1).Air tube: 35CM
 - 2).Main cable: 26CM
 - 3).Sub cable: 90.5CM
- Speaker impedance: 32Ω±15Ω
- Speaker shell diameter: Φ12mm±0.01mm

ER02DP22CB10_K

- Throat vibration mic for walkie-talkie
- Adjustable stretch headband, one-size-fits-all, non-slip and stable
- Finger PTT & large round waterproof PTT
- Acoustic tube earpiece, covert sound transmission with noise reduction
- Throat vibration sound transmission, works perfectly in noisy surroundings
- Perfect for hunting, fishing, motorcycling, live CS and tactical simulation
- Compatible with Icom, Yaesu, Adi, Kenwood, Motorola and other mainstream walkie-talkies
- Cable Specifications:
 - 1).Air tube:35CM
 - 2).Main cable: 26CM
 - 3).Sub cable: 90.5CM
- 9. Speaker Impedance: 320+150
- Speaker Shell Diameter: 12mm±0.01mm

ONLY LISTENING SERIES

ER02SP00CB6

- Plug Type: 3.5mm single pin;
- Soft rubber ear hooks, Comfortable for long-time wearing;
- Equipped with a PU coil cable, it is tensile, durable and not easy to tangle,
- Rotating earphones are suitable for wearing on either ear;
- Transmits sound via air tube, sound insulation and noise reduction, clear call;
- Cable length: 45CM/35 CM

ERSP00CB1

- Plug Type: 3.5mm single pin;
- Soft rubber ear hooks;
- Rotating the speaker Can be adjusted to the left and right ears;
- Spiral retractable coil cable effectively stores the wire, avoids tangling,
- Cable length: 45CM/17.5 CM

ERSP00SB8

- Plug Type: 3.5mm single pin;
- Adopting an open-ear design, ensures all-day comfort;
- Rotating the speaker Can be adjusted to the left and right ears;
- Making it ideal for long-term use by staff in security, service, dispatch and other positions;
- Cable length: 85CM

ERSP00CB8

- Plug Type: 3.5mm single pin;
- Adopting an open-ear design, ensures all-day comfort;
- Rotating the speaker Can be adjusted to the left and right ears;
- Making it ideal for long-term use by staff in security, service, and dispatch
- Spiral retractable coil cable effectively stores the wire, avoids tangling,
- Cable length: 45CM/10CM

ERSP00SB2

- Plug Type: 2.5mm single pin;
- Soft rubber ear hooks;
- Wear comfortable, Good noise isolation, clear sound quality, ultra-lightweight, no burden for long-time use;;
- Can be adjusted to the left and right ears;
- Length: 85CM

ERSP00SB4

- Wear lightweight and comfortable soft rubber ear hooks;
- Fast to wear, preserves ambient sound, suitable for indoor / light-duty work
- Can be adjusted to the left and right ears;
- Length: 85CM

BLUETOOTH SERIES

BT021_K

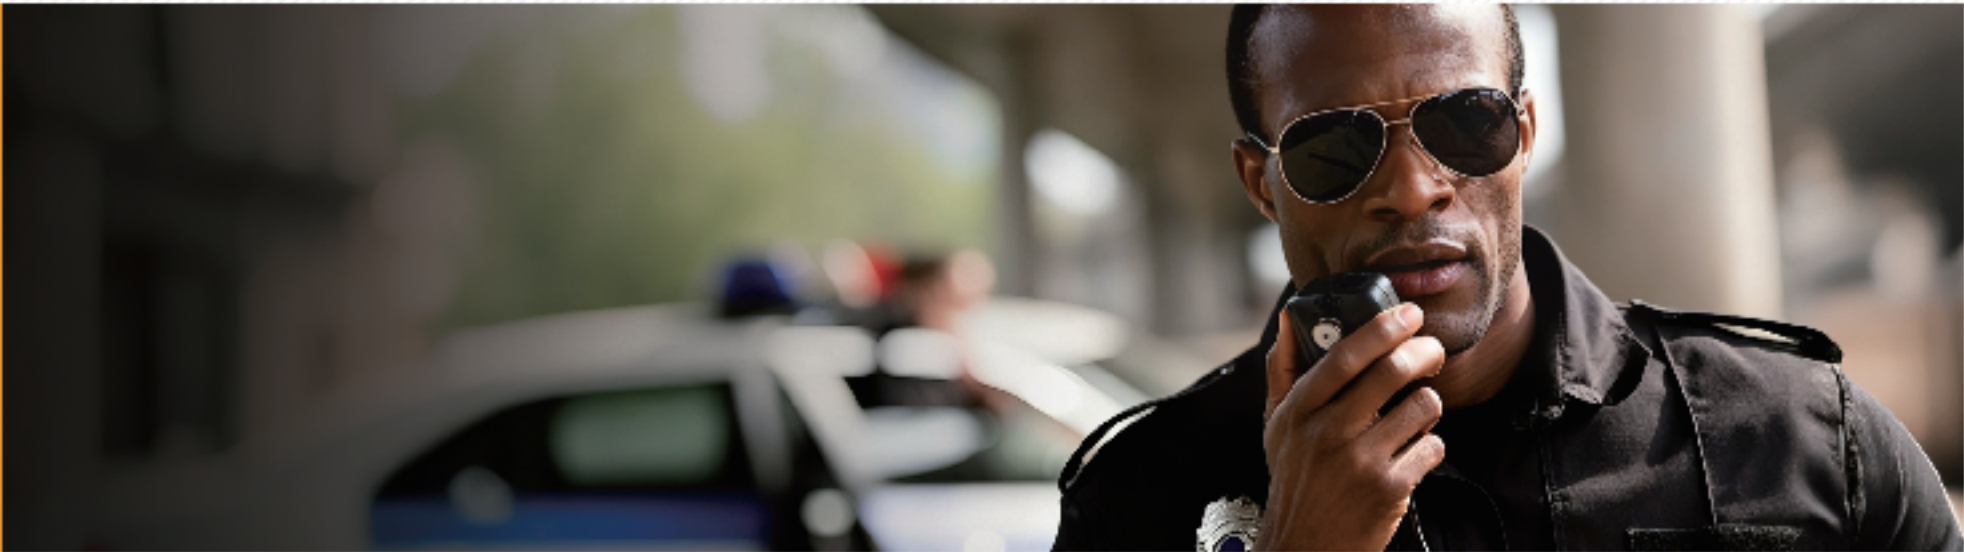

- This product set includes a Sports Ear-Hook Wireless Headphone, a Wireless Headphone Adapter, and an optional Wireless Finger PTT Button, designed for reliable, noise-canceling communication in professional scenarios such as security, logistics, and event management.
- Plug Type: TK
- Communication distance: 10 M
- Charging Port: Type-C
- Frequency: All components operate at 2400–2483.5MHz,
- Headphone: 260mAh (962mWh) for up to 10 hours of use, fully charged in 2 hours.
- Adapter: 230mAh (851mWh) for up to 10 hours of use, fully charged in 2 hours.
- PTT Button (Optional): 60mAh (222mWh) for up to 80 hours of use, fully charged in just 1 hour.
- Charging: All devices support 5.00V DC input, compatible with standard USB chargers.

BT011_K

- Full Wireless Communication Solution: Headset + Adapter + PTT Button create a complete cable-free communication system, eliminating wire constraints and enhancing mobility.
- Plug Type: TK&M
- Communication distance: 10 M
- Professional-grade Endurance: All products offer ~10 hours of battery life
- Frequency: All components operate at 2400–2483.5MHz,
- Efficient Fast Charging: Fully charges in approximately 2 hours with 5.00V DC input,
- Wireless PTT Button (Optional); Powered by a CR1632 button battery (140mAh 3.0V, 420mWh), it offers long-lasting performance without frequent battery replacements.

SPEAKER MICROPHONE

MH-01B

- **Speaker Specification:**
Size: Ø45MM
Impedance: 8Ω±15% @1KHZ
Sensitivity: 92±3dB/1Watt.0.5Meter
Frequency respond: (F0)~20KHZ
Rated input power: 1.0W
Maximum input power: 1.5W
- **Microphone Specification:**
Size: Ø9.7×6.5MM
Sensitivity: -56 ± 2dB
Impedance: 2.2KΩ 1kHz (RL=2.2KΩ)
Frequency: 100HZ-10KHz
Operation Voltage Range: 1.0V-10V (DC)
- **Cable:**
Diameter: Ø5.5MM Or 4.2MM (depend on the connector)
Material: PU
Durable Temperature: -30~130℃

MH-02B

- **Speaker Specification:**
Size: Ø45MM
Impedance: 8Ω±15% @1KHZ
Sensitivity: 92±3dB/1Watt.0.5Meter
Frequency respond: (F0)~20KHZ
Rated input power: 1.0W
Maximum input power: 1.5W
- **Microphone Specification:**
Size: Ø9.7×6.5MM
Sensitivity: -56 ± 2dB
Impedance: 2.2KΩ 1kHz (RL=2.2KΩ)
Frequency: 100HZ-10KHz
Operation Voltage Range: 1.0V-10V (DC)
- **Cable:**
Diameter: Ø5.5MM Or 4.2MM (depend on the connector)
Material: PU
Durable Temperature: -30~135℃

MH-03B

- **Speaker Specification:**
Size: Ø45MM
Impedance: 8Ω±15% @1KHZ
Sensitivity: 92±3dB/1Watt.0.5Meter
Frequency respond: (F0)~20KHZ
Rated input power: 1.0W
Maximum input power: 1.5W
- **Microphone Specification:**
Size: Ø9.7×6.5MM
Sensitivity: -56 ± 2dB
Impedance: 2.2KΩ 1kHz (RL=2.2KΩ)
Frequency: 100HZ-10KHz
Operation Voltage Range: 1.0V-10V (DC)
- **Cable:**
Diameter: Ø5.5MM Or 4.2MM (depend on the connector)
Material: PU
Durable Temperature: -30~132℃

HM-09B_K HM-09BP_K

- Dual purpose Design
Regular Speaker Microphone or POC Radio Microphone
- Speaker Microphone Feature
1.Model: HM-09B_K
2,IP67 Waterproof (Optional)
- POC Radio Microphone
1.Model: HM-09BP_K
2.Built in1000mAh Battery
3.Adjustable Volume Function;
4.Intelligent Low Battery Alarm
5.IP67 Waterproof (Optional)

HM-09BT_K

- Bluetooth Noise-Cancelling Speaker Microphone
1.Standard battery capacity 1000mAh (2000Mah optional)
2.Compatible with Moible Phone;
3,Volume adjustment Function;
4.Noise cancelling fuction (optional);
5.IP67 Waterproof (Optional);
